Annual Baseline Self-Assessment

Annual Baseline Self-Assessment

You rely on comprehensive office protocols to serve your patients with confidence. Have you considered whether your staff might benefit from additional training? Are you curious about how your practice compares to others when it comes to office processes? Our simple Annual Baseline Self-Assessment shows how well your team manages risk.

How It Works

The Annual Baseline Self-Assessment is a short survey that takes approximately 10 minutes for each individual to complete. Questions focus on office processes related to areas of risk including diagnostic testing, informed consent, emergency preparedness, and documentation.

Although the survey asks for job positions and the names of anyone seeking premium credit, the report itself is anonymous to encourage candid answers. Once completed, we evaluate the results and identify educational opportunities to address knowledge gaps.

Benefits

After completing your self-assessment, you'll receive:

- A **consultation** with an experienced ProAssurance Risk Management consultant to discuss your findings and tailor strategies to address your circumstances.
- A **confidential report** that shows your practice's responses and compares them to other practices. This report includes associated risk reduction strategies and links to ProAssurance risk management resources and activities.
- **Educational resources for staff** to reinforce concepts or address identified gaps.

With a better understanding of what puts your practice at risk, you can improve defensibility in the event of a claim.

Potential Policy Discount

Completion of the Annual Baseline Self-Assessment may qualify physicians insured by ProAssurance for up to **5% premium credit**.^{*} Contact your underwriter, agent, or business development representative to see if you qualify. Premium credits are subject to approval by the state insurance department and are applied at policy renewal.

Getting Started

To request the Annual Baseline Self-Assessment:

- Scan the QR code,
- Call 844-223-9648, or
- Email RiskAdvisor@ProAssurance.com
